## VICINITY ITEMS.

### Gleaned from Towns in Our Territory, of Interest to All Readers.

#### A Frost.

A report from Sutton says there was a frost there on the morning of August 13. This is probably not due to dog days or the political campaign.

#### Log Rolling Association.

A large number of the Modern Woodmen of this vicinity are planning to take in the Log Rolling excursion to Joe's Pond at Danville next Thursday. This excursion was arranged for the Woodmen of the district and their friends, and should be largely attended.

#### Fusion Rally.

There was a fusion rally held at East Albany Wednesday evening, Aug. 15, at the F. B. church. S. R. Moulton of Burlington and Mr. Childs of Brattleboro were present. R. B. Beede of Albany presided. For a six hour notice there was a good number present, the church being well filled. Albany Valley Band rendered music. The speakers were respectfully listened to and many comments were heard on the fact that there was no mud-slinging.

### Another Drowning Accident.

Miss Elizabeth Gravelin, a waitress at the Memphremagog House, Newport, was drowned in Lake Memphremagog about ten o'clock Thursday evening. In company with a lady friend, Miss Gravelin went aboard the steamer Lady of the Lake and sat on deck visiting and enjoying the beautiful evening. When they came off the boat she probably made a misstep in crossing the gang plank and fell into the water between the boat and dock. She was not seen to rise to the surface, and it was about an hour and one-half before the body was recovered. It was taken to the undertaking rooms of C. H. Greene and was taken by him to her home in Montpelier.

### Clement at Newport.

P. W. Clement and other Independent speakers were greeted by a full house at the opera house at Newport Thursday evening. Mr. Clement's talk consisted chiefly of statistics of state expenses and while such an address is of necessity rather tiresome to an audience he was listened to with marked attention and frequently applauded. Mr. Pape spoke in a pleasing manner and held the attention of his audience. His plea was for support of principle rather than men or party and he showed how all radical reform emanates from the will of the common people. Mr. McCarthy spoke from the standpoint of the working man and told some very apt and laughable stories by way of illustration. The quartet sang several selections and whatever impression Mr. Clement may have made bearing on the political situation, the consensus of opinion is that the musical part of his campaign machinery is all right.

### Regatta on Crystal Lake.

The Regatta given by the Le Beau Lac Boat Club of Barton on Crystal Lake last Friday was an unbounded success. The Club expect to make this event an annual affair and with the experience of this first event will, undoubtedly, another year give the visitors a much more attractive day. The day dawned clear and bright Friday and remained so, thus giving perfect weather for the sports. About one o'clock the people began to gather on May Beach where a grand stand, seating five hundred persons, had been built and by two o'clock people were present and the grand stand was far too small. The first event was a fifteen minute race which was called off on account of broken poles when the score was even. Following are the events in the order in which they were run, the distance, the time, the winner and the prize. Second event, oars double, ladies, 1 mile. First, Ruth Barron, Irene Kimball, gold bracelets; second, Winifred Kimball and Marion Redfield, gold bracelet. Third event, boys' swimming race, 100 yards. First, Robert Jewell, fish rod, second, Howard Dutton, landing net, time 2:22. Fourth event, canoes, four, 1 mile. First, Jennie, F. Magoon, Dans, C. B. Webster, box of cigars, second, Hastings, F. B. Tower, Winslow, H. P. Baldwin, box of candy, time 4:27. Fifth event, boys' tub race, fifty yards and return. First, Willie Leslie, fish basket, second, William Cassidy, fish basket. Sixth event, men's swimming race, one hundred yards. First, Paladeo, fish rod, second, Winslow, fish rod, time 2:00. Seventh event, oars, double, gents, 1 mile. First, Fred Richmond, Nat Hubbard, paddles; 2d, Martin Brunning, Clyde Heath, ash trays, time 2:57. Eighth event, motor boat handicap, 2 1/2 miles, 1st Seaver, large silver cup, for one year unless won again, Baldwin 2d, Davis 3d, Richmond 4th, Batchelder 5th. Owing to misunderstanding Davis' boat was run some distance out of the course or would have won. The best time was 29 m. 55 1/2 seconds. Ninth event, plank race, boys, fifty yards and return, 1st, Robert Jewell, jackknife; 2d, Neil Lewis, jackknife. Tenth event, tub race, men's, fifty yards, Clyde Heath only one to finish, military brushes. Eleventh and last, motor boat, straight away, Stanley Point, and return, 1st Batchelder, Point 623, return 12:52 1/2, silver cup, 2d Barton, 13:08, 3d Richmond, 4th Baldwin. The rest of the events, six in number, were called off and are to be run off Friday, Aug. 24, if weather permits. In the evening a dance to which many remained was held at the clubhouse, Madam Brock's orchestra furnishing music. This was a very pleasant event. All in all the day was a grand success and the Boat Club have opened the way in this annual regatta which may mean much to Barton and Crystal Lake in the future. The cup for the motor boat handicap is well worthy a strenuous effort to obtain and it is predicted that the winner will have to hustle to hold it more than one year. The committee in charge and the boat club in general should be complimented on the success of this first event. Look for something interesting next year.

The rest of the events, six in number, were called off and are to be run off Friday, Aug. 24, if weather permits. In the evening a dance to which many remained was held at the clubhouse, Madam Brock's orchestra furnishing music. This was a very pleasant event. All in all the day was a grand success and the Boat Club have opened the way in this annual regatta which may mean much to Barton and Crystal Lake in the future. The cup for the motor boat handicap is well worthy a strenuous effort to obtain and it is predicted that the winner will have to hustle to hold it more than one year. The committee in charge and the boat club in general should be complimented on the success of this first event. Look for something interesting next year.
